

Hook

- Is there something you paid a high cost to get (money, time, or energy) that was well worth it? (buying a house, running a marathon, learning a new language). Was it worth it and why?

Book

- Genesis 12:1-3
- Can you succinctly articulate the story of scripture up to this point (chapters 1-11 of Genesis)?
- What is the significance of God calling Abraham without telling him where he is going (to a land *I will show you*)?
- What was the cost of Abraham leaving his land and family? What does that tell you about how he viewed God's promise?

Look

- Would you have left if you were Abraham? Why or why not?
- Who is someone who has modeled having significant faith in their life? What did they do that showed their faith?

Took

- Can you think of a place God might be calling you to leave behind so you can follow him?
- Where might God be calling our Small Group to follow him and what might he be asking us to leave behind?

Prayer

- Pray that your Small Group would walk in the same faith that Abraham had!
